The 9th Annual DAREarts Leadership Awards were held on Wednesday, April 27th at The Liberty Grand. This year's DAREarts Cultural Awards were presented to retired Lombard President, Richard Patina, and iconic Canadian artist, Charles Pachter, for their leadership in advancing Canadian culture.

Mr. Patina said, "I became involved with DAREarts because they use the "ARTS" as the vehicle to help the young people. I believe it is the Arts that define a society. Society's soul."

Six DAREarts program graduates were also honoured for showing leadership in their own lives. The event generated over \$200,000 in support of DAREarts programs, which use the power of the arts to build courage, confidence and leadership skills in children across Canada.
