Acclaimed for its high-level performances that seek to revive the true authentic artistic traditions of Chinese culture, Shen Yun Performing Arts features masterful choreography, colourful costumes, spectacular backdrops and a live orchestra that combines Eastern and Western instruments.

With performances that seek to revive cultural artistry rooted in traditional values of beauty and goodness, Shen Yun has performed in 100 cities and 5 continents, and has received congratulatory letters from dignitaries, including Prime Minister Stephen Harper and Governor General Michaëlle Jean.

The Retired Teachers of Ontario, an organization representing over 63 000 retired teachers has teamed up with the local performances of Shen Yun to help support DAREarts, a Canadian organization that fosters arts education for youth in difficult socioeconomic situations.
