YOUR IMPACT

DAREarts programs empower children experiencing barriers associated with poverty, bullying, and violence across Canada with the confidence and courage to be leaders. When our kids ignite change, we all benefit!

“One of the biggest things I learned at DAREarts was courage. Being in DAREarts brightened my mind.” J.M., 11

DISCIPLINE ACTION RESPONSIBILITY EXCELLENCE

These DAREarts values have inspired thousands of children since 1996. In underserved communities across Canada, amazing young people are engaging in out-of-school workshops in all the arts, building their confidence and courage against all odds.

With guidance from arts professionals, their potential is unlocked, empowering them to be leaders and ignite change – in their own lives and in their communities.

Help DAREarts empower more kids to have hope and be leaders!

“I feel great. Like nothing would let me down.” Jessica
